Feedback

It is in ABC Gaming Arcade’s interests to present a fun, lively and professional image to our guests, and to the public. Accordingly, it is expected that you will present yourself at work or when carrying out work related activities in a manner consistent with good hygiene, and a professional image. This image relates to personal appearance, hygiene, grooming and brand-specific uniform standards.

Hair must always be neat and tidy. Long hair must be tied back in all areas where it is a health or safety issue. Radical hair styles and colours that appear untidy or unclean do not meet our standards. Hair styling products such as gel, wax, mousses should also be used sparingly.
